From the President…

by Jerry Herman, PRO Past President

One Last Time…
This will be my last column as PRO president … Oooops! Technically that isn’t true. I officially retired as president of PRO two months ago, but many of you don’t know that since it wasn’t published in old-fashioned newspapers or tweeted on new-fangled Twitter, so you’re finding out about it here and now in The Peralta Retiree. Bruce Jacobs, PRO vice-president, is the interim president until the election of a new president will take place in December. But I think you’ll indulge me if I ask for an ex-president’s privilege of writing this column one last time.

I retired as president because I’ve served in the office for ten years – since PRO’s founding – and I think ten years is enough, probably more than enough. It’s time that a younger generation of retirees begins to take leadership as those of us who retired ten or more years ago are not only getting older, but we aren’t as in touch with the interests of the more recent retirees as they themselves are.

Those ten years have been personally very rewarding to me as I’ve presided over an organization devoted to preserving our precious lifetime health benefits as well as providing social activities for PRO members, trouble-shooting for any Peralta retiree who has a question about benefits, representing Peralta retirees on the district Benefits Committee and the Retirement Board (which oversees the investments in our OPEB bonds), collaborating with Peralta’s Benefits Office whenever our cooperation has been needed to benefit retirees, and opposing the district with all the resources at our command when

PCCD Board Election Update

There are two competitive elections for the Peralta District Board this November. Abel Guillen (Area 7) is not running for re-election (He is a candidate for an open seat on the Oakland City Council). Two candidates, Julina Bonilla and Richard Fuentes are vying for the seat. In Area 5, David Ralston is challenging William Riley in his bid for re-election.

The PRO Board had an opportunity to interview the two Area 7 candidates at our September meeting. We were favorably impressed with both candidates. They each expressed strong support for having the District fulfill its contractual obligations to retirees. The PFT COPE has given a dual endorsement to both candidates.

In the Area 5 race the PRO Board has not had an opportunity to interview the candidates since Ralston decided to enter the race on the last day to sign up. The PFT COPE has not yet held an endorsement.

we think our contractual rights have been violated. We have a mighty good track record in all of those areas for the last ten years.

Protecting our health benefits aside for the moment, the PRO activity I’m most proud of is our scholarship program. We annually give a $1000 scholarship to a deserving graduating student from each of Peralta’s four colleges. To date we have awarded nearly $40,000 in scholarship money, most of it coming from PRO members’ donations to the scholarship fund. Along with other PRO Board members, I have personally evaluated scholarship applications and presented the scholarships at the colleges’ awards ceremonies. I can tell you that the students who have been awarded PRO scholarships have not only been academically superior, but they have been truly special people who, in many cases, have overcome staggering adversity to realize their educational dreams.

Finally, I want to express my enormous gratitude to the Peralta retirees who have served on the PRO Board during my ten-year tenure as president. They have served selflessly, generously giving of their time and talents for the benefit of all retirees. They have been great to work with. Along with the serious work we have done together, we’ve also had lots of fun. Not only have they been my colleagues on the board but I consider them all my friends as well.

I would be seriously remiss if I didn’t declare my profound indebtedness to Bruce for all he has done for PRO and for me. Although he’s officially vice-president, I’ve always thought of him as a co-president. He has applied his keen analytic mind, his tenacity, his willingness to work, his experience as former PFT president and chief negotiator, and his unshakeable integrity to every issue – large and small – that has come before PRO during the last decade. He edits this excellent newsletter and maintains the PRO website. When I’ve asked him to become PRO president, he has steadfastly refused, but the good news is that he will continue as vice-president and newsletter editor for at least another term. Thank you, Bruce, from every Peralta retiree and especially from me.

As for me, it’s time for me to slowly walk off into the sunset like the old soldier who just fades away…But

From the (New) President...
by Bruce Jacobs, PRO President

It is hard for me to believe that 10 years have passed since Peralta retirees began to build an organization capable of defending retirees’ interests especially with regard to our contractually guaranteed lifetime medical benefits. For me it all began shortly after I retired in 2004 when I was invited to attend a meeting in the Laney Tower to discuss how best to organize a defense of those benefits. A few retirees had been warned by a District insider that there was talk at the District of abandoning the commitment to retirees. When I went to the meeting I found a group of retirees, many of whom I had known and worked with while I was an active faculty member; Jerry Herman, Juanita Peterson, Shirley “Mac” Timm, Remo Arancio, Alex Pappas and Ed Minasian. Together we pooled our skills, managed to get a list of retirees and their addresses and invited them to join our fledgling organization, the Peralta Retirees Organization, quickly nicknamed PRO. Hundreds of retirees responded, submitting dues and nominations for a governing board. The first election for the PRO Board took place and Jerry Herman was elected President. The rest is history….

Over the last ten years we have established PRO as a credible and powerful voice for retirees. We have tried to maintain a collaborative relationship with the District while at the same time being clear and adamant that we will defend retirees’ contractual rights. That effort has led to our representation on both the District’s Fringe Benefits Committee and the group overseeing the OPEB bonds that were designed to subsidize the cost of retiree benefits. We have spent countless hours reviewing Summary Plan Descriptions of our medical benefits to make sure that new versions do not reduce or alter benefits. The District has partnered with us to encourage all eligible retirees to enroll in Medicare. We are working with the PFT to get the District to reimburse Kaiser retirees who are subject to Medicare D fees. And we have helped dozens of retirees when they have encountered problems with the District in getting the benefits to which they are entitled.

We have also made PRO the vehicle for retirees to “give back” to the District by establishing the PRO Scholarships which award $1000 scholarships at each of the colleges each year. Those awards have made a huge difference in the lives of worthy students. They have also provided an opportunity for each of us to donate to the scholarship fund to remember former colleagues who have passed away, or to honor colleagues for their ongoing activities.

And we have been about fun too. Whether it’s the annual picnic in Redwood Park, the garden party in the spring, or theater parties to see plays at group discounts, PRO has sponsored events which give retirees the opportunity to gather with old colleagues and to check-in on how and what we are doing.

The PRO newsletter, The Peralta Retiree, and the PRO web site (www.peraltaretirees.org), both of which I have been responsible for, have (hopefully) provided members with helpful information, clarity about developing issues with medical benefits and pensions, useful resources and internet links, a means for contacting other retirees, and occasional entertainment.

I want to personally thank Jerry Herman for his service to PRO. As President of PRO for the last 10 years he has been the “face” of PRO to the Peralta Board, the unions, and the community. He has set a tone of inclusiveness and consensus, and he has done so with both grace and wit. He has been a pleasure to work with and I look forward to his continuing contributions to PRO while he serves as our first Past President.

As you can read on page 4 we are having an election for members of the PRO Board whose terms are expiring this year. Nominations will remain open until the Annual Meeting on November 6. The first order of business for the new PRO Board will be to elect officers, including a new president, who will serve for 2015. Please plan to attend the annual meeting if you can. It is always a lot of fun to be there and we are hoping for a big turnout to say thank you to Jerry and to the many others that have made PRO the success that it is.
Scenes From the 2014 PRO Picnic

More than 30 people attended the Annual PRO picnic which was held in Redwood Park in Oakland on Friday, August 8. The day was balmy and sunny, perfect picnic weather, and the setting, with redwood trees towering over the picnic tables, was beautiful.

Thank You PRO Volunteers

By Bruce Jacobs

On behalf of the PRO membership there are three retirees I would like to acknowledge for their continuing contributions to PRO’s work.

Richard Bidleman

For the last several years Richard has been in charge of maintaining the PRO database. From his home on the island of Hawaii, he records our new and renewing members, keeps track of membership expiration dates, enters changes in contact information, and generates the labels when we mail the PRO newsletters.

Diana Lara

Diana has been a PRO representative on the District’s Fringe Benefits Committee where she tracks any changes or District initiatives that affect retirees. She also worked with Debby Weintraub and me to review the new SPD.

Mike Wirth

Mike has been one of PRO’s representatives on the PCCD Retirement Board. The Board oversees the OPEB Bonds and the portfolio of investments that they generated which are designed to subsidize the cost increases in retiree health benefits.
